Live life better. Luxury homes for 55+

Welcome to Bellecrest

We're proud to bring you Bellecrest, offering luxury homes for adults who seek to combine country club living with Central Coast convenience and charm.

With resort-like amenities nestled in the beautiful Central Coast town of Santa Maria, bellecrest offers something for everyone.

We designed Bellecrest to enhance our residents' lifestyle— offering privacy and connection in equal measure. You can choose from several luxurious single-family homes or attached villas with private garages and fenced outdoor spaces. And you'll enjoy our ample communal amenities, like The Club at Bellecrest— a welcoming place to mix, mingle, and relax.

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
