A perfect combination of quality craftsmanship and functional beauty.

The Vistas at Skytt Mesa features expansive greenbelts and open walkways and sits adjacent to Hans Christian Andersen Park. Our large lots and beautiful neighborhood are comprised exclusively of single-level residential homes, the majority boasting three-car garages, with all homes offering fabulous optional outdoor living space. Homes range from 1,634 to 2,370 square feet and offer three to four bedrooms. The Meadow floor plan includes an optional casita with a full bathroom and walk-in closet, making it an ideal space for a home office or private guest quarters.
